Reaching the Hard to Reach

From global OEMs to one-man production shops, *Plastics Technology* reaches the entire plastics processing supply chain. We specialize in two areas – reaching the valuable but difficult to reach small-to-mid-sized independent manufacturing enterprise, and reaching those with ultimate purchase power.

50/50 Vision

Whether researching a potential purchase or searching for product process technology information, industrial manufacturers report very clear balance in the amount of online and offline research. On average, half their research is done online and half the research is completed offline.

A Leader in Lead Gen

Three Benefits of Achieving Your Lead Gen Goals with *Plastics Technology*

1.

LARGER THAN A LIST

Your lead-generation program includes a marketing campaign that puts your brand and message in front of a qualified audience of active industry professionals.

2.

DEMOGRAPHICS THAT DELIVER

Utilizing our first-party audience database and reaching across our network, our lead-generation campaigns target your ideal customers and prospects.

3.

CONTEXT THAT CONVERTS

Much more than a landing page, we build contextual, consent-based conversion environments that encourage registration and download.

WEBINARS

(live | on-demand)

Showcase your experts and expertise in a live or on-demand broadcast that is moderated by industry experts, supported by an integrated marketing campaign and archived for post-presentation access.

Marketing for Market Share

90%

of purchase processes involve the evaluation of at least one alternative or replacement vendor or supplier. There is always opportunity to steal market share and to protect existing customers. Make sure your brand and your marketing messaging is present to avoid losing share and customers.

Revealing Manufacturing

90+ years of industrial market research experience applied to help you make the best sales and marketing strategy decisions.

CUSTOM RESEARCH

Market trends, brand perception, competitive intelligence

INDUSTRY ANALYTICS

Industry performance indices, production data, market indicators

MFG. REPORTS

Benchmarking, capital equipment spending trends, forecasts

RETURN ON INTELLIGENCE (ROI)

When and how to use market research?

- 1 Identify growth areas and market trends via economic forecasts.
- 2 Evaluate your brand and marketing efforts through benchmarking studies.
- 3 Optimize your marketing strategy by better understanding buyer behavior.
- 4 Establish thought leadership through research-based content marketing.
