CW EDITORIAL TEAM COVERAGE

The media brand exploring the world of fiber-reinforced composites technology

CompositesWorld is the source for reliable news and information on what’s happening in fiber-reinforced composites manufacturing.

Through our monthly magazine, e-newsletters, digital content, market research and events, we connect manufacturing leaders to reliable, accessible information about processes and trends across the global composites manufacturing industry.

Our coverage digs into what’s new and trending in composites design, tooling, materials and fabrication, and we share the stories of how these materials and processes come together in real-world applications for end markets like aerospace, automotive, marine and wind energy.

The CW team includes editors, contributing writers and industry columnists with expertise across disciplines and end markets.
