**PRODUCTION MACHINING** is a business-to-business media brand that produces a monthly print magazine, digital media, industry research and live events for the high volume precision turned parts market. Production Machining's editorial team and expert contributors produce information on new product technology, operational best practices, market intelligence and industry news.

#### **BRAND REPORT PURPOSE**

The Brand Report provides a deeper understanding and identification of all audited touch points with customers that have interest in the brand. It is designed to present analysis of all communication channels, including a brand's unique users within each channel of, but not across, multiple media platforms. This non-integrated report contains data for each separate media channel as indicated in the Executive Summary. No attempt has been made to identify or eliminate duplication that may exist across media channels.
