PRODUCTS FINISHING'S EYE ON FINISHING

Products Finishing creates unique programs to engage your customers with our brand.

The *Products Finishing* Top Shops Benchmarking Survey not only delivers custom reports that detail specifically how a shop stacks up against others in the finishing industry, but also honors the best run and most customer-driven electroplating, powder and liquid coating operations as 'Top Shops.'

Young professionals are a vital asset to the finishing industry and it is important to acknowledge those who are making great strides in shaping the industry's future. *Products Finishing* recognizes the industry's top young talent through an annual 40-Under-40 program.

Products Finishing partners with hundreds of finishing operations in the U.S. to celebrate National Surface Finishing Day each year to showcase the industry to trade schools, businesses, officials and media, as well as to celebrate industry employees. Celebrate March 3, 2021, with us!

Products Finishing is proud to recognize our industry's brightest through the Finishing Hall of Fame, to bring prestige to those who staked their claim pushing forward the innovation and technology that has made the surface finishing industry what it is today.
